|--|--|-----------|--|------------------|------------------------------------|
|  | Case / suspected case of coronavirus         | Infection | <ul style="list-style-type: none"> <li>In line with government guidance, all staff and students must work return to school from 8<sup>th</sup> March 2021 with the exception of those advised to shield</li> <li>Staff who are in school must follow this risk assessment</li> </ul>   |                  | ALL                                |
|  | Lateral Flow Device (LFD) testing - Staff    |           | <ul style="list-style-type: none"> <li>Home test kits are available for collection from the school for staff, regular supply staff, kitchen and site staff (all referred to in this section as 'Staff')</li> <li>LFD testing cannot be taken where you have tested positive for Covid within the last 90 days</li> <li>Testing is optional but strongly recommended to help keep everyone safe</li> <li>Staff must follow the test kit instructions and are responsible for their own health and safety in carrying out home testing</li> <li>Staff are advised to test on a Sunday and Wednesday evening. This also applies to part time staff</li> <li>All results <u>MUST</u> be recorded <a href="https://www.gov.uk/report-covid19-result">https://www.gov.uk/report-covid19-result</a></li> <li>Positive LFD results must be reported immediately to school and the member of staff must arrange for a full PCR test through the NHS. All members of the household must isolate until the PCR results are known. Where this is also positive, all members of the household must follow the self-isolation rules. A screenshot of the NHS results must be provided to school</li> <li>Negative and void tests should also be reported to the school, using the Frog system</li> <li>It is not necessary to report negative tests to the school but they must be reported online using the link in the bullet point above</li> </ul> |                  | ALL STAFF                          |
|  | Lateral Flow Device (LFD) testing - Students | Infection | <ul style="list-style-type: none"> <li>From 8<sup>th</sup> March 2021 the school is carrying out 3 LFD tests for each student where parental consent has been granted</li> <li>The first test will be by appointment, the remaining 2 tests will be carried out when students have returned to school</li> <li>Following the above 3 tests, the government is rolling out home testing packs</li> <li>The school will maintain a small test site where students are not able to be tested at home, this will continue according to the latest government guidance</li> <li>Mass LFD student testing will take place in the sports hall, as the largest indoor space available</li> </ul>   |                  | STUDENTS / LFD TESTING VOLUNTEERS  |

#### Students being tested

- Students are being tested in year group bubbles
- Parental consent must be given before testing can take place
- Students must not attend the school site if they are displaying symptoms of Covid
- Students cannot be tested if they have tested positive for Covid within the last 90 days as this may show false results
- Students must hand sanitise on entrance to the sports hall, on entrance and exit of the testing station
- Social distancing applies at all times and staff are in place to monitor queues. Most queuing will take place outdoors where the risk of infection is significantly reduced
- Face masks must be worn at all times until students are instructed to remove them to carry out the LFD test
- Students will be given clear and detailed instructions to allow them to self-swab and test
- Students will be instructed to clean up their own spillages to help keep everyone safe
- Students will be recalled following a void test result

#### Staff involved in testing

- Staff must wear appropriate PPE at all times. This is provided and is in ample supply
- PPE must be changed at the end of each year group session or more frequently if required
- Sanitising products are at every station of the testing process
- Staff have received training on their roles in testing and have undergone a full walkthrough of the testing process
- Test and Results Assistants must wash hands or sanitise between each test
- Students are carrying out their own tests and therefore no member of staff involved in the testing is expected to come into contact with test fluids. Should this occur, all PPE should be changed immediately and hands should be washed / sanitised
- Students will clean up their own spillages
- Any issues should be reported to Audra Stockdale as the Team Leader / Covid Test Coordinator

#### Premises (Sports hall)

- One way system is clearly marked
- 2m distancing measures are in place
- All external doors will be propped open for ventilation
- Deep cleaning of all surfaces will take place on a daily basis
- There will be a clean of all surfaces between year group sessions
- All staff will sanitise their own work areas between tests
- The sports hall floor is non permeable to any spillage
- Clinical waste will be double bagged and disposed of in yellow clinical waste bags

|                                      |                          |  |     |
|--------------------------------------|--------------------------|--|-----|
|                                      |                          | <ul style="list-style-type: none"> <li>All packaging and other waste will be disposed of in standard black bags</li> <li>SPIE will collect all waste products</li> </ul> <p><b>Test results</b></p> <ul style="list-style-type: none"> <li>All LFD test results will be reported to <a href="https://www.gov.uk/report-covid19-result">https://www.gov.uk/report-covid19-result</a></li> <li>Parents will only be contacted by the school for a void or positive result</li> <li>Students will be recalled to retake a test where a void result is shown</li> <li>Where a result is positive, parents will be contacted and informed that the student and their household must self-isolate for 10 days. Parents will also receive an NHS notification</li> <li>Any student testing positive as part of the LFD testing will be asked to wait outside the main reception area until they are collected by a parent / carer. This will help to keep everyone in the building safe. Any staff dealing with a confirmed case must follow strict social distancing. Full PPE kits are available from the sports hall during the mass testing period, as well as from the Welfare Officer in school. Anyone accompanying the student offsite should ensure that the student avoids touching further surfaces (e.g. door handles, etc.) wherever possible</li> <li>Close contacts and siblings of any positive case will be seated in the Seminar Room until they are collected by a parent / carer</li> </ul> |     |
| Case / suspected case of coronavirus | Infection of coronavirus | <ul style="list-style-type: none"> <li>No person must attend the school site where a member of their household has tested positively in the last 10 days</li> </ul> <p>Where a case is suspected for either staff or student:</p> <ul style="list-style-type: none"> <li>Person must leave the premises as soon as practicably possible with all their personal belongings, if possible wiping down their work surfaces before they leave. If in doubt, call an ambulance. If a student needs to wait for a parent / carer to collect, they must wait in the seminar room with the doors and window open and the doors of the neighbouring offices closed. Where toilet facilities are needed, use the medical room provision.=</li> <li>Any staff member tending to a suspected case must use PPE from the emergency grab bag available from the Coach House kitchen, the main reception or the medical room, and maintain social distancing. Training on how to don / doff PPE given to all staff September 2020 however it is acknowledged that this role is on a voluntary basis and staff cannot be directed to actively attend to a suspected case</li> <li>Any staff member tending to a student must wash their hands immediately with soap and hot water for a minimum of 20 seconds and may subsequently</li> </ul>  | ALL |

|-------------------|--|---|--|---|--|
|                   |  |   | <p><b>learning will be provided online. Laptops may available for loan where required</b></p> <p><b>3. Laptops are provided to students who do not have computer access at home. Where necessary, mobile data may also be provided</b></p>   | 1. Where appropriate, personalised risk assessments may be required (via SEN, pastoral and medical staff) |  |
| Staff attendance  | <p>Low staff attendance</p> <p>Impact on teaching and learning</p>                   | <p>1. All staff to attend school in adherence with the Kirklees Attendance Policy and current government guidance on self-isolating or shielding.</p>   | <p>1. Attendance management policy applies unless medical or written evidence of Covid-related conditions apply</p> <p>1. Any decision to close the school due to untenable levels of staff absence is at the discretion of the Headteacher or the Chair of Governors</p> <p>1. All cases of self-isolation or confirmed Covid cases should be reported to the Cover Manager and notified by the school to Kirklees HR</p> | ALL   |  |
| School premises   | <p>Personal injury</p> <p>Fire</p> <p>Legionella</p> <p>Infection of coronavirus</p> | <p>1. Undertake a workplace inspection to ensure adequate working environment, equipment, fire safety and emergency arrangements are in place.</p> <p>2. Fire Risk Assessment to be reviewed and the Fire log-book is up to date.</p> <p>3. Legionella checks are to be up to date.</p> <p>4. Electrical, gas and ventilation systems checks are up to date.</p> <p>5. Increased cleaning regime.</p> | <p>1-5. The school building is open every for site staff. SPIE is responsible for all site and facilities checks.</p> <p>5. SPIE cleaning team is carrying out daily deep cleans. Additional cleaning staff are onsite during school day to clean door handles, bathrooms and other public areas</p>   | LWR / SPIE  |  |
| Infection Control | <p>Infection of coronavirus</p> <p>Dealing with direct transmission (e.g.</p>        | <p>1. Minimise contact with individuals who are unwell by ensuring that those who have coronavirus symptoms, or who have someone in their household who does,</p>   | <p>1. Posters displayed around school (You must not be in school if you or a member of your household..., Catch it, Kill it..., don / doff face coverings).</p>  | All staff / Kitchen staff / SPIE team   |  |

|  |  |   |  |   |  |
|--|--|---|--|---|--|
|  |  | <p>close contact with those sneezing/coughing) and indirect transmission (e.g. touching contaminated surfaces</p> | <p>do not attend childcare settings, schools or colleges.</p> <ol style="list-style-type: none"> <li>2. Cleaning hands more often than usual - wash hands thoroughly for 20 seconds with running water and soap and dry them thoroughly or use alcohol hand rub or sanitiser ensuring that all parts of the hands are covered.</li> <li>3. Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach.</li> <li>4. Cleaning frequently touched surfaces often using standard products (such as detergents and bleach).</li> <li>5. Minimise contact and mixing by altering, as much as possible, the environment (such as classroom layout) and timetables (such as staggered break times)</li> </ol> | <p>2m floor signage in place on main corridors</p> <p><b>1. Regular text message reminders sent to parents that they must not send any student to school who is displaying symptoms or where the student or a member of their household is awaiting results of a Covid test</b></p> <ol style="list-style-type: none"> <li>1. Visitors to the school are permitted by appointment only; signage supports this</li> <li>1. Staff must delay or re-arrange any non-essential appointments</li> <li>1. Meetings with 3<sup>rd</sup> parties to be by remote media (e.g. Microsoft Teams) where possible</li> <li>1. Seminar room to be used as a holding room for any suspected cases of Coronavirus. This room is large enough to allow social distancing and can house more than one case if necessary and will be deep cleaned after any suspected case. Where the room has been used for this purpose, it is out of bounds as a meeting room until a deep clean and 72 hours have passed</li> <li>1. Medical room bathroom to be used for any any suspected cases</li> <li>1. Staff and students to adhere to social distancing; signage supports this</li> <li>2. Staff and students encouraged to wash hands with hot water and soap as often as is practicably possible. Hand sanitisation is available across</li> </ol> |  |
|--|--|---|--|---|--|

|  |  |  |  |  |  |
|--|--|--|--|--|--|
|  |  |  |  | <p>the school and all staff are responsible for reporting where refills are needed</p> <p>2. Included in induction for students and regular reminders</p> <p>3. Tissues available in classrooms, with disposable nappy sacks to enable the double bagging of tissues where an individual is displaying symptoms of coronavirus. All staff are responsible for reporting where replacements are needed.</p> <p>3. Where practicable, doors and windows must be kept open for ventilation; these must be closed where rooms are being vacated (e.g. at the end of the session). <i>If the temperature is cold and a classroom has several opening windows, some of these may be closed during lesson time based on the professional judgement of the teacher. The door should remain open and all windows should then be opened during break / lunchtime to improve airflow.</i></p> <p>4. Classrooms are equipped with anti-bacterial wipes to wipe books and equipment. All staff are responsible for reporting where replacements are needed.</p> <p><i>4. Where possible, staff and students should avoid sharing stationery, books and other equipment. Where equipment is shared, it should be wiped down thoroughly with anti bacterial wipes before and after use or left unused for 72 hours (24 hours for cardboard / paper)</i></p> <p><i>4. Where students from different bubbles are using the same space (i.e.</i></p> |  |
|--|--|--|--|--|--|

at different times) they should be asked to wipe down any surfaces (e.g. desks and chairs) before and after use

**4. Laptops used by staff and students for remote learning / home working are quarantined for 3 days upon their return to school**

4. Where possible, marking should be completed onsite, after a 24 hour quarantine of student work. Staff must sanitise hands before and after each marking session

4. The whole school site is thoroughly cleaned daily by SPIE.

4. Cleaning staff are onsite throughout the school day to clean common surfaces (e.g. door handles), public areas (e.g. bathrooms) and classrooms where required

4. Dining area is thoroughly cleaned by kitchen and cleaning teams after use

4. Clear desk policy applies at all times to minimise unnecessary handling of items

5. All classrooms laid out as forward facing; in most cases teaching staff will be able to facilitate this but help is available on request. Students to stick to allocated seating plans

5. Temporary timetables and zoned areas within school to accommodate year group 'bubbles' with staggered breaks, lunchtimes and finish times to minimise contact. This is documented separately

|  |  |  |  |   |  |
|--|--|--|--|---|--|
|  |  |  |  | <p>5. Where possible, students remain in one place for learning and staff move around the building. Staff to use hand sanitiser and anti-bacterial wipes on shared staff equipment at the start and end of each session</p> <p>5. Lunches are served in <b>disposable, carry out containers</b>; these are to be eaten outside unless inclement weather prevents this, in which case, suitable indoor accommodation (i.e. classrooms) will be made available and staffed accordingly. <b>When only key worker / vulnerable students are in school, the dining room may be used provided that social distancing can be maintained</b></p> <p>5. Staff communal areas are closed. Drinking water is provided at various locations across the school. Whilst drinking water is available from all cold water taps, staff are advised not to use taps where cross contamination is a risk (e.g. in bathrooms and science and technology labs). Vending machines are switched off. <b>Staff are expected to make their own arrangements to find a suitable space to eat lunch; this could be an empty classroom, outdoor space or offsite. Staff leaving the site must sign out.</b></p> <p><b>5. From 16<sup>th</sup> November 2020 school meals will be available to all staff from the dining hall. Other than for those taking duty meals, this service is only available once students have cleared the space and moved outside; this is to avoid crowding with students and allows any staff queuing to socially distance. See point above for</b></p> |  |
|--|--|--|--|---|--|

**guidance regarding suitable eating spaces**

5. Student water fountains are out of use and students are encouraged to bring their own supply of drinking water. Drinking water is available to purchase at break and lunchtimes and free drinking water is available from the catering team on request.

5. Staff and student numbers in bathroom facilities are temporarily limited

5. Teachers are allocated designated spaces for non-teaching time and are encouraged to use personal laptops during these times to minimise the sharing of equipment. Departmental shared offices should not be used other than for the storage of equipment. **In some cases these may be allocated for use by named individuals in order to aid school operation**

5. Administration offices to provide drop boxes where possible to minimise entry of staff into office areas

**5. Protective perspex desk screens have been installed in shared office spaces**

5. Staff should remain in their designated areas of school as much as is practicable and keep visits to other areas of the building to a minimum. If communication to other staff can be by phone or email then either of these methods should take precedence.

|                                      |                                   |  |   |  |  |
|--------------------------------------|-----------------------------------|--|---|--|--|
|                                      |                                   |  |   | 5. Where internal (e.g. departmental) meetings take place, a suitable space should be sought which allows meeting attendees to socially distance and feel comfortable in their environment. Suggested meeting rooms are classrooms, seminar room, library or theatre |  |
| PPE (including face masks/coverings) | Spread of infection (coronavirus) | <ol style="list-style-type: none"> <li>1. PPE, including face coverings, is applied in accordance with national guidance</li> <li>2. Full PPE is only needed in a very small number of cases including: <ul style="list-style-type: none"> <li>• Children whose care routinely already involves the use of PPE due to their intimate care needs should continue to receive their care in the same way.</li> <li>• If a child becomes unwell with symptoms of coronavirus while in their setting and needs direct personal care until they can return home. A fluid-resistant surgical face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. If contact with the child is necessary, then disposable gloves, a disposable apron and a fluid-resistant surgical face mask should be worn by the supervising adult. If a risk assessment determines that there is a risk of splashing to the eye e.g. from coughing, spitting, or vomiting, then eye protection should also be worn.</li> </ul> </li> </ol> | <ol style="list-style-type: none"> <li>1. Face coverings and any other PPE will be applied in accordance with national guidance. <ol style="list-style-type: none"> <li>1. Visors are available to staff on request. Visors are not an alternative to face coverings but may be worn as an additional protective measure. Anyone not able to wear a face mask should notify A Fell</li> <li>2. No intimate care needs for students however where this is applicable, individual risk assessments are required, in consultation with the Medical Officer and appropriate pastoral / SEN staff</li> <li>2. Medical grab bags containing disposable apron, mask, gloves, hand wipes and sanitiser are available from the medical room, reception area and the Coach House. Staff training on how to don / doff full PPE has been delivered on the understanding that no member of staff will be specifically directed to carry out this duty in the event of a suspected Covid case</li> <li>2. The Medical Officer, who deals with the majority of first aid cases, is provided with appropriate PPE and first aid materials</li> </ol> </li> </ol> | ALL  |  |

|   |   |   |  |  |  |
|---|---|---|--|--|--|
|   |   |   |  | 2. Any further first aid training to deal with cases will be delivered as required |  |
| Shielded and clinically vulnerable children | Infection of the coronavirus to vulnerable children | <ol style="list-style-type: none"> <li>1. For the vast majority of children coronavirus is a mild illness. However children <u>classed as clinically extremely vulnerable due to pre-existing medical conditions</u> may periodically be advised by the government to shield.</li> <li>2. Where shielding is advised, these children are not expected to attend school, and they should continue to be supported at home as much as possible. Clinically vulnerable (but not clinically extremely vulnerable) people are those considered to be at a higher risk of severe illness from coronavirus. A small minority of children will fall into this category, and parents should follow medical advice if their child is in this category.</li> <li>3. Children should not attend school if they have symptoms or are self-isolating due to symptoms in their household.</li> </ol> | <p>1-3. Dealt with on case by case basis in communication with parents</p> <p>1-3. Free school meal vouchers will be provided where appropriate</p>  | AFE / MSC  |  |
| Shielded and clinically vulnerable adults   | Infection of the coronavirus to vulnerable adults   | <ol style="list-style-type: none"> <li>1. The school supports clinically extremely vulnerable employees (advised by their clinician or the NHS and confirmed to the school by official letter) in following national government guidance.</li> <li>2. Employees must not attend school if they have symptoms or are self-isolating due to symptoms in their household.</li> </ol>   | <p>1-2. Staff survey initially completed June 2020 allowing staff to declare medical vulnerabilities, backed by formal notification.</p> <p>1-2. Although all staff are being protected through the measures outlined in this risk assessment, the school is aware of increased vulnerabilities for certain groups, including BAME colleagues. Individual concerns of any staff member, including BAME colleagues, should be raised with the Headteacher and</p> | AFE  |  |

|  |                                 |  |   |   |  |
|--|---------------------------------|--|---|---|--|
|  |                                 |  |   | where necessary, personalised risk assessments will be drawn up |  |
| Living with a shielded or clinically vulnerable person | Transmission of the coronavirus | 1. If a child or a member of staff lives with someone who is clinically vulnerable (but not clinically extremely vulnerable) including those who are pregnant, they can continue to attend school and should follow current government guidance.   | 1. Dealt with on case by case basis. Personalised risk assessments are advised where individuals declare their vulnerabilities to the Headteacher   | AFE   |  |
| Class/groups sizes                                     | Infection of the coronavirus    | <ol style="list-style-type: none"> <li>1. Reduce contact between people as much as possible e.g. only mix in a small, consistent group and that small group stays away from other people and groups.</li> <li>2. Between general groups, students should be kept apart. Brief, transitory contact, such as passing in a corridor, is low risk.</li> <li>3. Avoid contact with anyone with symptoms</li> <li>4. Frequent hand cleaning and good respiratory hygiene practices</li> <li>5. Regular cleaning of settings</li> <li>6. Minimising contact and mixing</li> </ol> | <ol style="list-style-type: none"> <li>1. Temporary timetable based around year group 'bubbles' where students stay in situ wherever possible in order to reduce traffic around school.</li> <li>1. Staggered lunch and finish times are in place.</li> <li>2. Social distancing signage is in place around school and movement is limited in accordance with the temporary timetable. Where site geography allows, corridors and stairs operate on a one-way or one-group system. Signage supports this</li> <li>2. Each staircase is allocated to a single year group to minimise mixed spaces, in accordance with the temporary timetable</li> <li>2. Face coverings and any other PPE will be applied in accordance with national guidance.</li> <li>2. Student numbers in bathroom facilities are limited through signage</li> </ol> | ALL   |  |

### Conclusions:

If the above the measures are followed and employees and students with suspected symptoms do not attend the school or if they do are sent home immediately and a high standard of hygiene is maintained then the risk of transmission will be low.

### **Review Date:**

Review of this document should be annually or more frequent if:

- After an accident / incident involving an activity from this risk assessment
- Any significant changes to work practices, materials, equipment or legislation
