

# A Letter to My Year 6 Self

When I think back to the last few weeks of Primary School, I had a few worries and anxieties about starting High School.

My biggest worry was that I wasn't going to know anybody, as 98% of my Year 6 classmates were going to a different school. Another of my worries was that high schools are so big and because we had been unable to have a Transition visit, I was worried about getting lost on my first few days.

Fortunately, on my first day at North Huddersfield Trust School everyone was nice to me. I soon made new friends and some people complimented me. The teachers are really nice and helpful.

To make things easier for us, we were allowed to start school a day earlier before it got crowded, which was really nice.

There is a free Breakfast Club every morning in the canteen. I really enjoy PE and have learnt some new sports like kick-boxing, table tennis and trampolining.

There are some After School Clubs you can attend like Homework Club, Drama Club and some Sports Clubs.

After a few weeks I was really happy to be attending NHTS, even if my old friends weren't. At this school there is really nothing to worry about.

Yours Sincerely,

Lybah A

(Previously of Fixby Junior School)
