

A Letter to My Year 6 Self

When I think back to the last few weeks of Primary School, I had a few worries and anxieties about starting High School.

One of the first things I was scared about was losing all my friends because there was going to be so many other people in Year 7. Thankfully, they stayed in contact with me and I made some new friends, which was amazing.

I was scared about how big the school was and I was worried that I would be late to my lessons as I would be always getting lost. I soon found my way round and if I did get lost, there was staff who I could ask.

I have really enjoyed meeting new people. The teachers are always helpful in class and if some people mess about they always deal with it.

I am proud of how I am progressing at North Huddersfield Trust School and my mum is proud of me too. I am really enjoying being here.

Yours Sincerely,

Taibat B

(Previously of Birkby Junior School)
