

A Letter to My Year 6 Self

When I think back to the last few weeks of Primary School, I had a few worries and anxieties about starting High School.

I was worried about getting lost as it is a big building and bigger than my Junior School.

I was worried that I might not have any friends, but I have made lots of new friends and know a lot of new people.

I was a bit worried that the teachers would be really strict. Some of them are and some not too much. The staff are really nice and helpful, especially my Form Tutor Mr Iqbal.

I was worried about all the extra work and the homework, but it hasn't been that bad.

I have enjoyed learning lots of new things and my best lesson is Science. The lessons are fun and I really like it when we are able to do experiments with different chemicals.

I like to go to the Sports Hall before school starts as I can play football with some of the Year 9s, who are also my friends.

I soon learned that I had nothing to worry about and have enjoyed being at NHTS.

Yours Sincerely,

Tayyib Salim 7NIQ

(Previously of Spring Grove Junior, Infant and Primary School)
